Ross got a ride home, and lied about the crop.

Game Time!

Lot

Rot

# Game Time!

The spilled crop was left to rot in an empty lot.

Game Time!

Collect

Correct

# Game Time!

Ross couldn't collect the crop to correct his mistake.

# Read the Story Together

The sun didn't glow, so the crop didn't grow.

The harvest would be late at this rate.

Ross harvested his lentil crop with a rental machine.

He took this expensive leap to reap the benefits.

Ross drove the load down the road.

The heavy rain made the lane too wet.

He had a fright when his truck took flight.

In the crash, the clash of metal and dirt was loud.

Ross got a ride home, and lied about the crop.

The spilled crop was left to rot in an empty lot.

Ross could not collect it to correct his mistake.

# Discussion

The sun didn't glow, so the crop didn't grow.

The harvest would be late at this rate.

Ross harvested his lentil crop with a rental machine.

He took this expensive leap to reap the benefits.

Ross drove the load down the road.

The heavy rain made the lane too wet.

He had a fright when his truck took flight.

In the crash, the clash of metal and dirt was loud.

Ross got a ride home, and lied about the crop.

The spilled crop was left to rot in an empty lot.

Ross could not collect it to correct his mistake.

## Questions:

What risks did Ross take with his farming business? Did the risks pay off or not?

What problems did Ross have with his farming business? Which problems could he control?

# Debate

## Position A

Businesses should minimize their **risks** in order to avoid **losses**. They should only take actions when they have **control** of the outcomes.

## Position B

Businesses should take **risks** in order to make bigger **profits**. They should take advantage of opportunities even if they might not have **control** of the outcomes.
